9. REPORTS

9.i

Community Employment Co-operative Development Programme

The Executive Officer reported a meeting of the Funding Committee was called by the Ministry, Employment and Training to receive a report on the Programme April-June 1982. The Report was very comprehensive. The meeting had been addressed by Mr. Peter Kirby, Deputy Director of the Department in charge of the Programme.

Mr. Greer reported that following submissions from the Federation to the Minister and the Minister's confirming letter to the Chairman, the Funding Committee is taking on the role of an Advisory Service for the Minister.

A Working Party from the Funding Committee has been set up to study and report to the Minister by 27th August on the system of loans as funding capital as an alternative to or in addition to grant funding. This could have implications for the Federation if a scheme is approved allocating total funding monies out of Treasury into Central Bank A/c. managed by the Federation.

The Business Advisory Unit is currently studying a proposal for a group insurance scheme on behalf of the Employment Co-operative Group.

The Business Advisory Unit is studying the feasibility of providing a metropolitan based marketing service for the group.

The development of either or both these services could require more floor space for an expanded Federation staff.

Mr. Gill reported on a successful public relations exercise at the Loch Ard Co-operative when the Minister for

/6...

/5...

Employment and Training and the Minister for Police participated.

He reported on a successful workshop organised in Ballarat and the official opening of the Goldfields Community Radio at Harcourt by the Premier Mr. Cain on 25th July 1982.

Mr. Gill proposed communication between Council and members, particularly the Employment Co-operative Group, could be improved by issuing a brief report on deliberations after each monthly Council meeting.

Council welcomed the proposal and agreed it should be done in conjunction with the Executive Officer.

9.ii

Co-operative Societies Advisory Council

This Council met on 5th July and was attended by Messrs. Long and Rawlinson.

In addition to considering applications for Guarantees and reports on some well conducted recoveries from defaulting Co-operatives, the meeting was informed that the Minister has established a Legislative Review Committee to advise him on legislation administered by him including the Co-operation Act 1981.

Council agreed

The Federation Legislation Committee should meet to consider matters required for amendment of the Co-operation Act. Employment Co-operatives to be invited to submit matters of legislative changes required for consideration of the Legislative Committee.

The Advisory Council has ruled that there is no restriction in the Co-operation Act or in the general law in the form a bonus or rebate may take. Therefore, that part of the surplus arising from the business of Co-operatives incorporated under the Co-operation Act, which the Board directs be paid to members by way of bonus or rebate based on the business done by members with their Co-operative, may be paid partly or wholly in the form of bonus shares or bonus debentures.

Council directed

(a) *a similar ruling relating to payment of dividend (interest or share capital) be obtained;*

(b) *all Federation members be advised of this ruling.*

9.iii

Co-operative Federation of Australia

(a)

Mr. Slattery reported that the Executive of the Co-operative Federation of Australia have confirmed an extension of the agreement with the Co-operative Federation of Victoria for continued sharing of secretariat and staff resources to 31st December 1982. This will be funded by a half year's subscription based on last year's rates from the Federations of New South Wales, Western Australia and Victoria, the balance of costs to be met from accumulated funds.

(b)

On the subject of studies into establishment of a Co-operative Bank he reported that the Steering Committee had met with national representatives of

The Australian Association of Permanent
Building Societies

The Australian Federation of Credit Unions Ltd.

and Mr. Clive Little of Deloitte, Haskins & Sells in Melbourne on 9th July 1982.

A Working Party comprising two representatives from the C.F.A. and each of the other two groups was agreed to determine the common objectives of each group and if sufficient common levels are identified to proceed with setting a timetable of priority for future developmental action.

The first meeting of the Working Party has been set for 27th August.

(c)

On the subject of restructuring of the Federation, the Steering Committee recommended a joint meeting of the Councils of the Co-operative Federation of New South Wales and Victoria with invited members of the Queensland and Western Australian Federations as an alternative to a national workshop of invited Co-operatives to discuss the proposals.

Mr. Slattery expressed disappointment that the background paper to the restructuring proposal prepared by the Executive Officer in early June 1982 has not been circulated by the Steering Committee to all members of all State Federation Councils.

Council

(i) expressed concern at the lack of progress and the uncertainty of continued joint operations between the C.F.A. and C.F.V;

(ii) requested the C.F.A. background paper be circulated to each member C.F.V. Council;

(iii) request the Steering Committee to prepare a
